Hello Hiring Manager

I'm writing about the Part-Time Customer Service and Sales Assistant position with Beacon Lighting. The St Kilda location and small part-time commitment make this a practical local option. My experience includes customer-facing technical support, clear explanations, stock and asset control, and dependable service operations.

My background includes enterprise technical support, endpoint lifecycle management, field infrastructure, systematic fault-finding, customer communication and process-focused documentation.

The areas most relevant to the role are customer support.

I'd welcome a brief conversation about the role and any position-specific requirements.

Regards

Sam Ludwig
