Subject

Application - Electrical Apprentice - Data Centre Facilities - Sam Ludwig

Email body

Hello Hiring Manager

I'm writing about the Electrical Apprentice - Data Centre Facilities position with CBRE. My infrastructure background includes data-centre environmental controls and physical infrastructure, but I don't hold an electrical licence and I'm not currently in an electrical apprenticeship. I'd need to confirm the Year 3-4 requirement before applying.

My background includes enterprise technical support, endpoint lifecycle management, field infrastructure, systematic fault-finding, customer communication and process-focused documentation.

The areas most relevant to the role are hvac, data-centre operations.

I'd welcome a brief conversation about the role and any position-specific requirements.

Regards

Sam Ludwig
