Subject

Application - Conveyor Belt Splicing Trainee / Belt Technician - Sam Ludwig

Email body

Hello Hiring Manager

I'm writing about the Conveyor Belt Splicing Trainee / Belt Technician position with Northern Belting. My earlier field telecommunications and HVAC work demonstrates practical fault-finding, site work and the ability to work with physical infrastructure. I am interested in learning the belt-technician trade properly.

My background includes enterprise technical support, endpoint lifecycle management, field infrastructure, systematic fault-finding, customer communication and process-focused documentation.

The areas most relevant to the role are hvac, customer support.

I'd welcome a brief conversation about the role and any position-specific requirements.

Regards

Sam Ludwig
