9 June 2026

Dear Hiring Manager at Arinco,

I am writing to express my interest in the Microsoft Modern Workplace Consultant position. With 6+ years of hands-on Microsoft 365 experience and a strong consulting background, I am well-suited for this role.

My modern workplace expertise includes:

- Microsoft 365 Full Stack: SharePoint Online, Exchange Hybrid, Entra ID, Intune, Teams, OneDrive, Defender, Purview, managing the full stack for 660,000+ users
- Endpoint Management: Windows 11 migrations across 100+ clinical endpoints with 100% Autopilot adherence, Intune MDM/MAM, SOE design, device lifecycle
- Identity & Security: Conditional Access, MFA enforcement, hybrid AD/Azure AD sync, ACSC Essential 8 compliance
- Collaboration Platforms: SPFx/React/TypeScript development, Power Automate, Teams administration, delivered 5+ enterprise SharePoint intranets for Victoria Police, Transurban, Cimic Group
- Automation: PowerShell (advanced/PnP), Python, Azure DevOps CI/CD, reduced migration processing by 87%, eliminated manual triage via ServiceNow integration
- Client Engagement: Conducting workshops, presenting solutions, and managing stakeholder expectations across government and enterprise clients

At CapGemini, consulting to the Department of Education Victoria, I have architected modern workplace solutions for Victoria Police, Transurban, and the largest education department in Australia. I serve as the Tier-3 escalation point and have produced RCA reports and knowledge base documentation that improved team onboarding.

I also hold Microsoft Certified: Azure Administrator Associate (AZ-104), ITIL 4 Foundation, and Certified Scrum Master certifications.

I am passionate about helping organizations realize the full potential of the Microsoft modern workplace stack and would welcome the opportunity to bring this passion to Arinco's consulting team.

Kind regards,

Sam Ludwig
