Dear Hiring Manager at Datacom,

I am writing to express my strong interest in the Endpoint Engineering Architect position at Datacom. With 6+ years of hands-on experience in Microsoft 365, Azure, and endpoint management, I bring the technical depth and stakeholder focus this role demands.

Infrastructure & M365 Engineer with 6+ years delivering endpoint management, M365 administration, and infrastructure support across environments supporting 660,000+ users. Led Windows 11 migrations across 100+ clinical endpoints with 100% Autopilot adherence.

My key achievements include:

- Managing the largest SharePoint farm in the Southern Hemisphere (660,000+ users, 1,000+ sites, 99.9% uptime)
- Tier-3 escalation point across M365 and Google Workspace, reducing repeat incidents by 15%
- PnP PowerShell automation for MFA compliance across 200+ SharePoint sites
- Windows 11 migrations across 100+ clinical endpoints with 100% Autopilot adherence
- ServiceNow integrations eliminating manual triage

I hold AZ-104 (Azure Administrator Associate), AZ-900, ITIL 4 Foundation, and Certified Scrum Master certifications. I am immediately available and eager to bring my M365 expertise to your team.

I welcome the opportunity to discuss how my background aligns with your needs.

Kind regards,

Sam Ludwig
