

SAM LUDWIG

Infrastructure & M365 Engineer

Melbourne, VIC | 0405 993 245 | sam.ludwig@gmail.com | linkedin.com/in/sam-ludwig | samludwig.au

13 June 2026

Dear Hiring Manager at indeed,

I am writing to express my strong interest in the Cloud DevSecOps Engineer position at indeed. With 6+ years of experience in Microsoft 365 engineering and infrastructure management, I bring deep technical expertise and a track record of delivering at scale.

As the Senior Managed Services Engineer for the Department of Education Victoria, I managed the largest SharePoint farm in the Southern Hemisphere (660,000+ users, 1,000+ sites) and served as the ultimate Tier-3 escalation point across M365, SharePoint Online, Exchange Hybrid, Teams, and Entra ID. I engineered PowerShell automation to audit MFA compliance across 200+ sites, drove Azure cloud adoption aligned with ACSC Essential 8, and built ServiceNow integrations that eliminated manual triage.

My technical toolkit spans SharePoint Online, Exchange, Teams, Intune, Entra ID, Defender, Purview, PowerShell (PnP), Python, Azure DevOps CI/CD, and SPFx development. I hold Microsoft Certified: Azure Administrator Associate (AZ-104), ITIL 4 Foundation, and Certified Scrum Master.

I am immediately available and would welcome the opportunity to discuss how my experience aligns with indeed's needs.

Kind regards,

Sam Ludwig
