Hello Hiring Manager

I'm writing about the Systems Administrator position with BAE Systems. This role aligns with my experience supporting secure enterprise infrastructure across Windows, Microsoft 365, Entra ID, endpoints, PowerShell and service operations.

My background includes enterprise technical support, endpoint lifecycle management, field infrastructure, systematic fault-finding, customer communication and process-focused documentation.

The areas most relevant to the role are Microsoft 365, Entra ID, Intune.

I'd welcome a brief conversation about the role and any position-specific requirements.

Regards

Sam Ludwig
