Application - Air-Conditioning & Refrigeration Apprentice - Data Centre - Sam Ludwig

Email body

Hello Hiring Manager

I'm writing about the Air-Conditioning & Refrigeration Apprentice - Data Centre position with CBRE. My previous HVAC service work and later data-centre infrastructure exposure make this a credible trade-pathway application. The listing mentions Year 3-4 apprentices, so I'd confirm that requirement before applying.

My background includes enterprise technical support, endpoint lifecycle management, field infrastructure, systematic fault-finding, customer communication and process-focused documentation.

The areas most relevant to the role are hvac, data-centre operations, customer support.

I'd welcome a brief conversation about the role and any position-specific requirements.

Regards

Sam Ludwig
