Hello Hiring Manager

I'm writing about the Mower Operator position with Green by Nature / City of Port Phillip contract. The Port Melbourne depot and City of Port Phillip work area make this the strongest local outdoor option. My field-service background includes multi-site work, equipment handling, systematic troubleshooting and early-start service schedules.

My background includes enterprise technical support, endpoint lifecycle management, field infrastructure, systematic fault-finding, customer communication and process-focused documentation.

The areas most relevant to the role are customer support.

I'd welcome a brief conversation about the role and any position-specific requirements.

Regards

Sam Ludwig
