Hello Hiring Manager

I'm writing about the Qualified Gardener position with Green by Nature / City of Port Phillip contract. I am interested in the Port Phillip outdoor work, but I don't hold a Cert III in Horticulture and haven't worked in commercial gardening. My relevant transferable experience is field service, equipment handling, site work and systematic maintenance.

My background includes enterprise technical support, endpoint lifecycle management, field infrastructure, systematic fault-finding, customer communication and process-focused documentation.

The areas most relevant to the role are customer support.

I'd welcome a brief conversation about the role and any position-specific requirements.

Regards

Sam Ludwig
