Email body

Hello Hiring Manager

I'm writing about the Senior IT Systems Administrator position with KBR. This role is a strong fit for my systems-administration, hybrid identity, cloud, service-operations, documentation, and security-baseline experience in large government and enterprise settings.

My background includes enterprise technical support, infrastructure and endpoint delivery, systematic fault-finding, customer communication, process-focused documentation, and automation.

The areas most relevant to the role are it systems administration, windows server, Active Directory.

I'd welcome a brief conversation about the role and any position-specific requirements.

Regards

Sam Ludwig
