Application - IT Support Trainee - ES 1-2 - Sam Ludwig

Email body

Hello Hiring Manager

I am writing about the IT Support Trainee - ES 1-2 position with government schools. This trainee role is a deliberate pathway application. The candidate profile supports practical IT support and education-sector service work, while the trainee eligibility and regional requirements need confirmation.

My background includes customer support, enterprise technical support, endpoint lifecycle management, field infrastructure, systematic fault-finding, and process-focused documentation.

I would welcome a brief conversation about the role and any position-specific requirements.

Regards

Sam Ludwig
