Subject

Application - End User Computing Support Engineer - Sam Ludwig

Email body

Hello Hiring Manager

I am writing to express my interest in the End User Computing Support Engineer position with Australian Government Bureau of Meteorology. Your Bureau of Meteorology opportunity is a strong match for my endpoint engineering and enterprise support background. I bring hands-on Intune, Autopilot, Windows 10/11, ServiceNow, hardware diagnostics, endpoint lifecycle management and L1/L2/L3 escalation experience.

My background includes enterprise technical support, endpoint lifecycle management, field infrastructure, systematic fault-finding, customer communication and process-focused documentation. I have attached a targeted résumé and cover letter for review.

The most relevant points are: Core infrastructure, Tailored existing materials, Verify listing.

I would welcome the opportunity to discuss the role and confirm any position-specific requirements, including licences, qualifications, checks, roster conditions or work-site arrangements.

Regards

Sam Ludwig
