

Sam Ludwig

Infrastructure | Cloud | Modern Workplace

Melbourne, VIC, 0405 993 245, sam.ludwig@gmail.com, linkedin.com/in/sam-ludwig, samludwig.au, github.com/Ludwixix

Professional Summary

Endpoint and modern workplace engineer experienced in enterprise Windows fleet management, Intune, Autopilot, Entra ID, SOE design, compliance, application deployment, migration, ServiceNow and PowerShell automation. Delivered Windows 11 migration across 100+ clinical endpoints, managed endpoint lifecycle in a national logistics environment, and supported M365 and hybrid identity at 660,000+ user scale. Strong in engineering standards, escalation ownership, operational documentation and continuous improvement.

Technical Strengths

Intune, Windows Autopilot, Windows 10/11, Entra ID, Azure AD Connect, Conditional Access, device compliance, configuration profiles, application deployment, SOE, patching, endpoint lifecycle, hardware diagnostics, ServiceNow, PowerShell, Microsoft Graph, Azure DevOps, ITIL 4, RCA, change management, stakeholder liaison

Experience

L2/L3 Technical Support Engineer - Australia Post via Capgemini

February 2026-June 2026, Melbourne

- Managed endpoint repair, diagnostics, reimaging, provisioning, Autopilot/UEM enrolment, loan devices, accessories and compliant disposal.
- Maintained inventory and contributed to a ServiceNow Stock Accessories module to improve visibility and SLA tracking.
- Built automation for repetitive ServiceNow ticket creation and modification within restrictive enterprise controls.
- Escalated complex infrastructure faults and drove resolution with L3 engineering teams.

Endpoint Migration Engineer - St John of God Health Care

October 2025-January 2026, Melbourne

- Executed Windows 11 migration across 100+ clinical endpoints with Autopilot provisioning, Intune policy application, compliance verification and SOE adherence.
- Managed hardware preparation, profile assignment, clinical software compatibility testing, user handoff and hypercare.
- Liaised with clinical and engineering stakeholders where system disruption was unacceptable.

Senior Managed Services Engineer - Capgemini, Department of Education Victoria

December 2021-2023, Melbourne

- Served as Tier-3 escalation point across M365, endpoint-adjacent identity services, SharePoint, Exchange, Teams, OneDrive and hybrid identity.
- Managed a 660,000+ user SharePoint environment across 1,000+ site collections with 99.9% uptime.
- Built PowerShell, PnP PowerShell and Graph automation for provisioning, MFA compliance auditing, configuration and operational reporting.
- Produced documentation and RCA reports and resolved more than 90% of 40+ concurrent tickets within SLA.

Application Support Engineer - Knosys, December 2020-December 2021

- Delivered L3 troubleshooting across application, API and database layers, with PowerShell/Python

automation for cloud migration and patching.

SharePoint Developer - Engage Squared, March 2018-December 2020

- Delivered enterprise SharePoint solutions, SPFx components, Azure DevOps pipelines, governance and user adoption workshops.

Certifications and Education
