Subject

Application - Panel Beater & Apprentice Spray Painter - Sam Ludwig

Email body

Hello Hiring Manager

I'm writing about the Panel Beater & Apprentice Spray Painter position with Inkerman Panels / AMA Collision. This is a local practical-work application with an advertised apprentice-to-leadership pathway. My transferable experience comes from HVAC and telecommunications fault-finding; I don't hold a panel-beating qualification yet.

My background includes enterprise technical support, endpoint lifecycle management, field infrastructure, systematic fault-finding, customer communication and process-focused documentation.

The areas most relevant to the role are hvac.

I'd welcome a brief conversation about the role and any position-specific requirements.

Regards

Sam Ludwig
