LinkedIn listing for Kitchen Hand/Dishwasher - Casual Lancemore Mansion Hotel Werribee Park at Lancemore Hotel Group

Skills

Azure, Microsoft 365, Entra ID, Intune, Windows Autopilot, Windows 10/11, PowerShell, Microsoft Graph, SharePoint, Exchange Online, Teams, Active Directory, ServiceNow, ITIL 4, endpoint lifecycle, incident and problem management, RCA, technical documentation, and stakeholder communication

Professional Experience

L2/L3 Technical Support Engineer - Australia Post via Capgemini

February 2026-June 2026, Melbourne, Victoria

- Delivered L1/L2 endpoint support covering hardware diagnostics, Windows imaging, break-fix work, provisioning, loan devices, accessories, and user access.
- Managed Windows 10/11 migrations, standardised SOE builds, Autopilot/UEM enrolment, inventory, and compliant equipment disposal.
- Built ServiceNow automation that removed hundreds of hours of repetitive manual data entry each month while working within locked-down endpoint controls.
- Supported complex infrastructure faults as an escalation point for L3 engineering teams and documented fixes for repeatable service operations.

Endpoint Migration Engineer - St John of God Health Care

October 2025-January 2026, Melbourne, Victoria

- Led a Windows 11 migration across more than 100 clinical endpoints using Autopilot, Intune, SOE controls, application validation, and post-deployment hypercare.
- Managed hardware preparation, Autopilot enrolment, profile assignment, Intune policy application, compliance checks, user handover, and training.
- Worked directly with clinical staff and engineering teams to resolve compatibility issues affecting EMR, diagnostic imaging, and administration systems.

Senior Managed Services Engineer - Capgemini, consultant to Department of Education Victoria

December 2021-2023, Melbourne, Victoria

- Managed SharePoint Online, Exchange Online, Teams, Entra ID, hybrid identity, Azure, and Google Workspace in a government environment supporting 660,000+ users across 1,000+ site collections.
- Acted as a Tier-3 escalation point, led root-cause analysis, and introduced preventive fixes that reduced repeat incidents by 15 percent over 12 months.
- Built PnP PowerShell automation to audit and enforce MFA compliance across more than 200 sensitive SharePoint sites, replacing a month-long manual audit cycle.
- Supported Azure adoption, legacy remediation, Essential 8-aligned security baselines, mail-flow troubleshooting, identity synchronisation, and operational runbooks.

Application Support Engineer - Knosys

December 2020-December 2021, Melbourne, Victoria

- Provided L3 support for the GreenOrbit enterprise intranet platform and resolved complex SQL, API, authentication, browser, and Windows Server issues within SLA.
- Built PowerShell automation that reduced migration processing time by 87 percent, from two hours to 15 minutes per batch, saving more than 10 hours of manual work each month.
- Developed Python and PowerShell patching scripts that reduced manual patching effort by 20 percent and improved cycle consistency.

SharePoint Developer - Engage Squared

March 2018-December 2020, Melbourne, Victoria

- Delivered enterprise SharePoint Online intranets for Victoria Police, Transurban, and Cimic Group using SPFx, React, TypeScript, and PnP PowerShell.
- Implemented Azure DevOps and Git CI/CD pipelines that reduced deployment cycle times by 25 percent.
- Led legacy SharePoint migrations, governance work, client workshops, and post-launch L2/L3 support.

Selected Projects

- ServiceNow workload tool - browser extension integrating Microsoft 365 presence data with ServiceNow queues to improve ticket allocation.
- M365 diagnostic GUI - Python tool that helps L1 staff run repeatable PowerShell diagnostics against Exchange and Teams.

Certifications and Education

AZ-104 Azure Administrator Associate, AZ-900 Azure Fundamentals, ITIL 4 Foundation, Certified Scrum Master, Diploma of Information Technology - Coder Academy
