Email body

Hello Hiring Manager

I'm writing about the IT Support Technician position with Microcel. The Microcel role matches my endpoint support, Windows, hardware and school-technology experience. The part-time structure and nearby Cheltenham or Hawthorn East locations make it a practical option.

My background includes enterprise technical support, endpoint lifecycle management, field infrastructure, systematic fault-finding, customer communication and process-focused documentation.

The areas most relevant to the role are Intune, windows.

I'd welcome a brief conversation about the role and any position-specific requirements.

Regards

Sam Ludwig
