Hello Hiring Manager

I'm writing about the Casual Housekeeper position with Oaks Hotels. I'm looking for a practical local role. I haven't worked in housekeeping, but I'm comfortable following detailed procedures, working to schedules, looking after equipment and taking ownership of a task.

My background includes enterprise technical support, endpoint lifecycle management, field infrastructure, systematic fault-finding, customer communication and process-focused documentation.

The areas most relevant to the role are healthcare technology, customer support.

I'd welcome a brief conversation about the role and any position-specific requirements.

Regards

Sam Ludwig
